English

Technical (English): catabolism

Popular (English): chemical breakdown

Spanish

Technical: catabolismo (nm)

Popular: degradación de las sustancias alimentarias en el organismo

catalyse

English

Technical (English): catalyse

Popular (English): speed up

Spanish

Technical: catalizar (v)

Popular: acelerar una reacción química

cataract

English

Technical (English): cataract

Popular (English): cataract

Spanish

Technical: catarata (nf)

Popular: enturbiamiento de la lente transparente del ojo, el cristalino

catarrh

English

Technical (English): catarrh

Popular (English): catarrh

Spanish

Technical: catarro (nm)

Popular: catarro (nm)

catheter

English

Technical (English): catheter

Popular (English): (urine) bag

Spanish

Technical: catéter (nm)

Popular: tubo (nm), sonda (nf)

catheterization

English

Technical (English): catheterization

Popular (English): fitting a (urine) bag

Spanish

Technical: cateterismo (nm)

Popular: introducción de una sonda en una cavidad hueca

caudal

English

Technical (English): caudal

Popular (English): nearer the tail

Spanish

Technical: caudal (adj)

Popular: relativo o en dirección hacia la cola

causal

English

Technical (English): causal

Popular (English): cause-related

Spanish

Technical: causal (adj)

Popular: causal (adj)

caustic

English

Technical (English): caustic

Popular (English): corrosive

Spanish

Technical: cáustico (adj)

Popular: quemante (adj), corrosivo (adj)

cavity

English

Technical (English): cavity

Popular (English): hollow

Spanish

Technical: cavidad (nf)

Popular: espacio hueco

cell membrane

English

Technical (English): cell membrane

Popular (English): cell surface

Spanish

Technical: membrana (nf) celular

Popular: membrana de una célula

cellulitis

English

Technical (English): cellulitis

Popular (English): inflammation of connective tissue

Spanish

Technical: celulitis (nf)

Popular: inflamación del tejido bajo la piel

cehalalgia

English

Technical (English): cephalalgia

Popular (English): headache

Spanish

Technical: cefalalgia (nf)

Popular: dolor de cabeza, migraña (nf)

cerebellar

English

Technical (English): cerebellar

Popular (English): brain-related

Spanish

Technical: cerebeloso (adj)

Popular: relacionado con el cerebelo

cerebral

English

Technical (English): cerebral

Popular (English): brain-related

Spanish

Technical: cerebral (adj)

Popular: relativo al cerebro

cerebrospinal

English

Technical (English): cerebrospinal

Popular (English): brain and spinal cord-related

Spanish

Technical: cerebrospinal (adj)

Popular: relativo al cerebro y a la médula espinal

cerebrovascular

English

Technical (English): cerebrovascular

Popular (English): brain and blood vessel-related

Spanish

Technical: cerebrovascular (adj)

Popular: que afecta a los vasos cerebrales

cerumen

English

Technical (English): cerumen

Popular (English): earwax

Spanish

Technical: cerumen (nm)

Popular: secreción grasa que se forma en el interior de los oídos

English

Technical (English): cholecystitis

Popular (English): gall bladder inflammation

Spanish

Technical: colesistitis (nf)

Popular: inflamación de la vesícula biliar

cholelithiasis

English

Technical (English): cholelithiasis

Popular (English): gallstones

Spanish

Technical: colelitiasis (nf)

Popular: presencia de uno o más piedras en los conductos biliares

choleric

English

Technical (English): choleric

Popular (English): choleric

Spanish

Technical: colerético (nm)

Popular: sustancia que favorece la producción de hiel

cholestasis

English

Technical (English): cholestasis

Popular (English): bile flow stoppage

Spanish

Technical: colestasis (nf)

Popular: retención de hiel en los conductos

cholesterol

English

Technical (English): cholesterol

Popular (English): cholesterol

Spanish

Technical: colesterol (nm)

Popular: colesterol (nm)

cholinergic

English

Technical (English): cholinergic

Popular (English): cholinergic

Spanish

Technical: colinérgico (adj)

Popular: que actúa por intermedio de la acetilcolina

chorea

English

Technical (English): chorea

Popular (English): Huntingdon's chorea

Spanish

Technical: corea (nf)

Popular: exceso de movimientos voluntarios

chromosomal

English

Technical (English): chromosomal

Popular (English): chromosome-related

Spanish

Technical: cromosómico (adj)

Popular: relativo al cromosoma

chronic

English

Technical (English): chronic

Popular (English): chronic

Spanish

Technical: crónico (adj)

Popular: de desarrollo lento, de larga duración; habitual

chronotropic

English

Technical (English): chronotropic

Popular (English): speed-related

Spanish

Technical: cronotrope (adj)

Popular: que concierne a la regularidad y frecuencia de un ritmo cardíaco

cicatrización

English

Technical (English): cicatrization

Popular (English): scarring

Spanish

Technical: cicatrización (nf)

Popular: cicatrización (nf)

circulation

English

Technical (English): circulation

Popular (English): circulation

Spanish

Technical: circulación (nf)

Popular: circulación (nf)

cirrhosis

English

Technical (English): cirrhosis

Popular (English): liver disease

Spanish

Technical: cirrosis (nf)

Popular: enfermedad caracterizada por una degeneración del hígado

classic

English

Technical (English): classic

Popular (English): classic

Spanish

Technical: clásico (adj)

Popular: típico, característico

classification

English

Technical (English): classification

Popular (English): classification

Spanish

Technical: clasificación (nf)

Popular: clasificación (nf)

claudication

English

Technical (English): claudication

Popular (English): limping

Spanish

Technical: claudicación (nf)

Popular: cojera

clearance

English

Technical (English): clearance

Popular (English): clearance

Spanish

Technical: aclaramiento (nm)

Popular: eliminación de determinadas sustancias de la sangre

clinical

English

Technical (English): clinical

Popular (English): clinical

Spanish

Technical: clínico (adj)

Popular: relativo a la clínica; basado en la observación y el tratamiento

clitoral

English

Technical (English): clitoral

Popular (English): clitoris-related

English

Technical (English): cochlear

Popular (English): acoustic nerve-related

Spanish

Technical: coclear (adj)

Popular: perteneciente al caracol óseo del oído interno

coenzyme

English

Technical (English): coenzyme

Popular (English): organic nonprotein molecule

Spanish

Technical: coenzima (nm)

Popular: coenzima (nm)

cognitive

English

Technical (English): cognitive

Popular (English): understood

Spanish

Technical: cognitivo (adj)

Popular: relativo al conocimiento (percepción, pensamiento, etc.)

coitus

English

Technical (English): coitus

Popular (English): intercourse

Spanish

Technical: coito (nm)

Popular: cópula carnal

colitis

English

Technical (English): colitis

Popular (English): colon inflammation

Spanish

Technical: colitis (nf)

Popular: inflamación del intestino grueso

collagen

English

Technical (English): collagen

Popular (English): collagen

Spanish

Technical: colágeno (nm)

Popular: colágeno (nm)

collapse

English

Technical (English): collapse

Popular (English): collapse

Spanish

Technical: colapso (nm)

Popular: caída rápida de la tensión sanguínea; fracaso de un órgano

colloidal

English

Technical (English): colloidal

Popular (English): colloidal

Spanish

Technical: coloidal (adj)

Popular:

collyrium

English

Technical (English): collyrium

Popular (English): eye wash

Spanish

Technical: colirio (nm)

Popular: medicamento para el cuidado de los ojos

colonic flora

English

Technical (English): colonic flora

Popular (English): colon bacteria

Spanish

Technical: flora (nf) intestinal

Popular: conjunto de bacterias que suelen vivir en el intestino grueso

colonopathy

English

Technical (English): colonopathy

Popular (English): colon disease

Spanish

Technical: colopatía (nf)

Popular: enfermedad o trastorno del intestino grueso

colorectal

English

Technical (English): colorectal

Popular (English): colon and rectum-related

Spanish

Technical: colorrectal (adj)

Popular: referente al intestino grueso y su parte final

comatose

English

Technical (English): comatose

Popular (English): comatose

Spanish

Technical: comatoso (adj)

Popular: en coma, que se acompaña de coma

combination

English

Technical (English): combination

Popular (English): combination

Spanish

Technical: combinación (nf)

Popular: combinación (nf)

comedone

English

Technical (English): comedone

Popular (English): blackhead

Spanish

Technical: comedón (nm)

Popular: comedón (nm), espinilla (nf)

commensal

English

Technical (English): commensal

Popular (English): microorganism

Spanish

Technical: comensal (nm)

Popular: ser vivo que convive con otro organismo huésped

commotion

English

Technical (English): commotion

Popular (English): concussion

Spanish

Technical: conmoción (nf)

Popular: sacudida violenta, golpe violento, presión violenta

compatible

English

Technical (English): compatible

Popular (English): compatible

Spanish

Technical: compatible (adj)

Popular: que puede ser administrado con otro medicamento

compensation

English

Technical (English): compensation

Popular (English): compensation

Spanish

Technical: compensación (nf)

Popular: compensación (nf)

competitive

English

Technical (English): competitive

Popular (English): competitive

Spanish

Technical: competitivo (adj)

Popular: competitivo (adj)

complement

English

Technical (English): complement

Popular (English): collection of around 20 blood proteins

Spanish

Technical: complemento (nm)

Popular: complemento (nm)

complementary

English

Technical (English): complementary

Popular (English): complementary

Spanish

Technical: complementario (adj)

Popular: complementario (adj)

complex

English

Technical (English): complex

Popular (English): complex

Spanish

Technical: complejo (nm)

Popular: grupo, conjunto

complication

English

Technical (English): complication

Popular (English): complication

Spanish

Technical: complicación (nf)

Popular: complicación (nf)

component

English

Technical (English): component

Popular (English): component

Spanish

Technical: componente (nm)

Popular: componente (nm)

concentration

English

Technical (English): concentration

Popular (English): concentration

Spanish

Technical: concentración (nf)

Popular: concentración (nf)

conception

English

Technical (English): conception

Popular (English): conception

Spanish

Technical: concepción (nf)

Popular: fecundación

concomitant

English

Technical (English): concomitant

Popular (English): associated

Spanish

Technical: concomitante (adj)

Popular: acompañante

concrete

English

Technical (English): concrete

Popular (English): concrete

Spanish

Technical: concreto (adj)

Popular: concreto (adj)

condition

English

Technical (English): condition

Popular (English): condition

Spanish

Technical: condición (nf)

Popular: estado general, capacidad física de un individuo

conduction

English

Technical (English): conduction

Popular (English): transfer

Spanish

Technical: conducción (nf)

Popular: transmisión

condyloma

English

Technical (English): condyloma

Popular (English): genital warts

Spanish

Technical: condiloma (nm)

Popular: excrecencia parecida a la verruga

confusion

English

Technical (English): confusion

Popular (English): confusion

Spanish

Technical: confusión (nf)

Popular: confusión (nf)

congenital

English

Technical (English): congenital

Popular (English): from birth

Spanish

Technical: congénito (adj)

Popular: innato, connatural

congestion

English

Technical (English): congestion

Popular (English): congestion

Spanish

Technical: congestión (nf)

Popular: acumulación excesiva de sangre en una parte del cuerpo

conjugated

English

Technical (English): conjugated

Popular (English): joined

Spanish

Technical: conjugado (adj)

Popular: simultáneo (adj)

conjugation

English

Technical (English): conjugation

Popular (English): linkage

Spanish

Technical: conjugación (nf)

Popular: conjugación (nf)

conjunctivitis

English

Technical (English): conjunctivitis

Popular (English): eye inflammation

Spanish

Technical: conjuntivitis (nf)

Popular: inflamación de la mucosa que cubre el interior de los párpados

conservative

English

Technical (English): conservative

Popular (English): not extreme

Spanish

Technical: conservador (adj)

Popular: sin intervención quirúrgica

conserve

English

Technical (English): conserve

Popular (English): conserve

Spanish

Technical: conservar (v)

Popular: conservar (v)

constipation

English

Technical (English): constipation

Popular (English): constipation

Spanish

Technical: constipación (nf)

Popular: estreñimiento

constitutional

English

Technical (English): constitutional

Popular (English): whole-body

Spanish

Technical: constitucional (adj)

Popular: propio de la constitución de un individuo

contact

English

Technical (English): contact

Popular (English): contact

Spanish

Technical: contacto (nm)

Popular: contacto (nm); individuo que ha estado en relación con un enfermo portador de una enfermedad contagiosa

contamination

English

Technical (English): contamination

Popular (English): contamination

Spanish

Technical: contaminación (nf)

Popular: contaminación (nf)

continuous

English

Technical (English): continuous

Popular (English): continuous

Spanish

Technical: continuo (adj)

Popular: prolongado (adj), mantenido (adj)

contraception

English

Technical (English): contraception

Popular (English): birth control

Spanish

Technical: contracepción (nf)

Popular: prevención del embarazo

contraceptive

English

Technical (English): contraceptive

Popular (English): contraceptive

Spanish

Technical: contraceptivo (nm)

Popular: sustancia o medio que impide el embarazo

contractility

English

Technical (English): contractility

Popular (English): ability to contract

Spanish

Technical: contractilidad (nf)

Popular: capacidad de contraerse

contraction

English

Technical (English): contraction

Popular (English): contraction

Spanish

Technical: contracción (nf)

Popular: contracción (nf)

contracture

English

Technical (English): contracture

Popular (English): permanent tissue shortening

Spanish

Technical: contractura (nf)

Popular: contracción persistente e involuntaria de uno o más músculos

contraindication

English

Technical (English): contraindication

Popular (English): reason not to prescribe

Spanish

Technical: contraindicación (nf)

Popular: contraindicación (nf)

contrast medium

English

Technical (English): contrast medium

Popular (English): barium or iodine

Spanish

Technical: medio (nm) de contraste

Popular: medio para visualización radiográfica

contusion

English

Technical (English): contusion

Popular (English): bruise

Spanish

Technical: contusión (nf)

Popular: lesión interna por golpe, compresión o choque

convalescence

English

Technical (English): convalescence

Popular (English): convalescence

Spanish

Technical: convalecencia (nf)

Popular: fase de recuperación

conventional

English

Technical (English): conventional

Popular (English): normal

Spanish

Technical: convencional (adj)

Popular: convencional (adj)

conversion

English

Technical (English): conversion

Popular (English): hysteria

Spanish

Technical: conversión (nf)

Popular: (psiquiatr.) transformación de las emociones en manifestaciones corporales

convulsion

English

Technical (English): convulsion

Popular (English): convulsion

Spanish

Technical: convulsión (nf)

Popular: convulsión (nm)

coordination

English

Technical (English): coordination

Popular (English): coordination

Spanish

Technical: coordinación (nf)

Popular: coordinación (nf)

cornea

English

Technical (English): cornea

Popular (English): cornea

Spanish

Technical: córnea (nf)

Popular: córnea (nf)

coronary

English

Technical (English): coronary

Popular (English): heart muscle/artery-related

Spanish

Technical: coronario (adj)

Popular: relativo a arterias y venas del corazón

cor pulmonale

English

Technical (English): cor pulmonale

Popular (English): heart failure

Spanish

Technical: corazón (nm) pulmonar

Popular: enfermedad del corazón causada por trastornos pulmonares

corpus luteum

English

Technical (English): corpus luteum

Popular (English): corpus luteum

Spanish

Technical: cuerpo (nm) lúteo

Popular: cuerpo que se forma en el ovario después de la ovulación

correction

English

Technical (English): correction

Popular (English): correction

Spanish

Technical: correctivo (nm)

Popular: sustancia que corrige la acción o el sabor de un medicamento

correlation

English

Technical (English): correlation

Popular (English): association

Spanish

Technical: correlación (nf)

Popular: relación recíproca o mútua

correspond

English

Technical (English): correspond

Popular (English): correspond

Spanish

Technical: corresponder (v)

Popular: corresponder (v)

cortex

English

Technical (English): cortex

Popular (English): outer layer

Spanish

Technical: corteza (nf)

Popular: corteza (nf)

cortical

English

Technical (English): cortical

Popular (English): cortex-related

Spanish

Technical: cortical (adj)

Popular: relativo a la corteza

corticosteroid

English

Technical (English): corticosteroid

Popular (English): hormone

Spanish

Technical: corticoide (nm)

Popular: hormona de la corteza suprarrenal o medicamento con la misma acción

cosmetic

English

Technical (English): cosmetic

Popular (English): cosmetic

Spanish

Technical: cosmético (nm)

Popular: cosmético (nm); preparación para higiene y belleza

coxalgia

English

Technical (English): coxalgia

Popular (English): hip pain

Spanish

Technical: coxalgia (nf)

Popular: dolor en la articulación de la cadera

cranial

English

Technical (English): cranial

Popular (English): skull-related

Spanish

Technical: craneano (adj)

Popular: relativo al cráneo

creatinaemia

English

Technical (English): creatinaemia

Popular (English): excess blood creatine

Spanish

Technical: creatinemia (nf)

Popular: presencia de creatina en la sangre

crisis

English

Technical (English): crisis

Popular (English): crisis

Spanish

Technical: crisis (nf)

Popular: empeoramiento repentino, ataque

criterion

English

Technical (English): criterion

Popular (English): criterion

Spanish

Technical: criterio (nm)

Popular: criterio (nm), regla

crossallergy

English

Technical (English): crossallergy

Popular (English): multi-allergy

Spanish

Technical: alergia (nf) cruzada

Popular: alergia a sustancias emparentadas

crossinfection

English

Technical (English): crossinfection

Popular (English): crossinfection

Spanish

Technical: infección (nf) cruzada

Popular: contagio mutuo entre dos personas afectadas por enfermedades infecciosas diferentes

crossresistance

English

Technical (English): crossresistance

Popular (English): crossresistance

Spanish

Technical: resistencia (nf) cruzada

Popular: resistencia a antibióticos emparentados

crystallization

English

Technical (English): crystallization

Popular (English): crystallization

Spanish

Technical: cristalización (nf)

Popular: formación de cristales

crystalluria

English

Technical (English): crystalluria

Popular (English): crystals in the urine

Spanish

Technical: cristaluria (nf)

Popular: presencia de cristales en la orina

cumulative

English

Technical (English): cumulative

Popular (English): increasing

Spanish

Technical: cumulativo (adj)

Popular: cumulativo (adj), acumulativo (adj)

curarize

English

Technical (English): curarize

Popular (English): paralyze

Spanish

Technical: curarizar (v)

Popular: colocar al organismo bajo la acción del curare, una sustancia que afloja los músculos

curative

English

Technical (English): curative

Popular (English): curing

Spanish

Technical: curativo (adj)

Popular: que cura

curettage

English

Technical (English): curettage

Popular (English): D&C

Spanish

Technical: curetaje (nm)

Popular: raspado (nm)

curve

English

Technical (English): curve

Popular (English): curve

Spanish

Technical: curva (nf)

Popular: curva (nf)

cutaneous

English

Technical (English): cutaneous

Popular (English): skin-related

Spanish

Technical: cutáneo (adj)

Popular: relativo a la piel

cyanosis

English

Technical (English): cyanosis

Popular (English): bluish skin

Spanish

Technical: cianosis (nf)

Popular: coloración azulada de la piel y de las mucosas

cycle

English

Technical (English): cycle

Popular (English): cycle

Spanish

Technical: ciclo (nm)

Popular: ciclo (nm)

cyclic

English

Technical (English): cyclic

Popular (English): regular

Spanish

Technical: cíclico (adj)

Popular: relativo a un ciclo, que pasa por sucesivas etapas; compuestos químicos en forma de anillo

cycloderma

English

Technical (English): cycloderma

Popular (English): no definition found (E)

Spanish

Technical:

Popular:

cycloplegia

English

Technical (English): cycloplegia

Popular (English): eye muscle paralysis

Spanish

Technical: cicloplejía (nf)

Popular: parálisis del músculo ciliar (acomodación del ojo)

cyst

English

Technical (English): cyst

Popular (English): cyst

Spanish

Technical: quiste (nm)

Popular: quiste (nm), tumor de contenido líquido

cystic fibrosis

English

Technical (English): cystic fibrosis

Popular (English): cystic fibrosis

Spanish

Technical: fibrosis (nf) quística

Popular: fibrosis (nf) quística

cystitis

English

Technical (English): cystitis

Popular (English): cystitis

Spanish

Technical: cistitis (nf)

Popular: inflamación de la vejiga urinaria

cystoscopy

English

Technical (English): cystoscopy

Popular (English): bladder examination

Spanish

Technical: cistoscopia (nf)

Popular: observación del interior de la vejiga mediante un aparato adecuado (el cistoscopio)

cytochrome

English

Technical (English): cytochrome

Popular (English): cytochrome

Spanish

Technical: citocromo (nm)

Popular: citocromo (nm)

cytoplasm

English

Technical (English): cytoplasm

Popular (English): part of a cell

Spanish

Technical: citoplasma (nm)

Popular: parte de la célula no ocupada por el núcleo

cytostatic

English

Technical (English): cytostatic

Popular (English): substance to stop cell growth

Spanish

Technical: citostático (nm)

Popular: sustancia que detiene la multiplicación de las células

cytotoxic

English

Technical (English): cytotoxic

Popular (English): cancer drug

Spanish

Technical: citotóxico (adj)

Popular: lesivo para la célula
